MDT Lisa Johnson from **VIVID Dental Laboratory** in Leeds is one of the UK's top aesthetic technicians with twenty years' of experience using composite systems and specialised in large implant frameworks. Lisa was involved with the development of the new **GC GRADIA® PLUS** composite resin C&B system since the early trials. Lisa has layered many frameworks using injectable techniques with the **GC GRADIA® PLUS One Body System**.

MDT Marijo Rezo became a dental technician in 1996 in Zagreb, Croatia. Since then, he has worked in several private laboratories in Zagreb. Since 2004, he has his own dental lab, **Kati Dental d.o.o.** He actively participated in various congresses and has given many workshops in the country and abroad.

CDT Jonas Spaenhoven is Product Manager at **GC Europe**.

MDT Roeland De Paepe is Product Manager and Demonstrator at **GC Benelux**.

The composite injection technique with **GRADIA PLUS**

Interview with

MDT Lisa Johnson, United Kingdom

MDT Marijo Rezo, Croatia

CDT Jonas Spaenhoven from **GC Europe**

MDT Roeland De Paepe from **GC Benelux**

Using the proper composite, the injection technique is a very convenient approach to get a convincing, aesthetic result with minimum effort. We spoke with four dental technicians about their experiences with **GRADIA PLUS** in using this technique.
